Evaluation:

Assessment will be based on a variety of activities that cater to the various learning styles of students. Individual & group researches, oral presentations, textbook exercises, interactive notebooks, class discussion, and novel activities will be part of the evaluation of the course. Both peer & self-assessment will be used on a number of assignments throughout the year.

For major projects, you will be given a set of evaluation guidelines (rubrics) in order to help you put forth your best work. It is **your** responsibility to examine the guidelines & assignment criteria IN ADVANCE to ensure you have the opportunity to ask any-all questions. Remember, if you need clarification on an assignment, chances are, that a number of your peers have the same questions, so PLEASE ASK!

Academic Assessment:

All Tests and Major Projects will be weighted out of 100, and all assignments will be weighted based on their denominator (number of questions). All marks are cumulative throughout the year. Assessment will be ongoing & will include participation in daily classroom activities, random homework checks & quizzes, unit tests, and projects. Please refer to the evaluation format below. Students cannot rewrite tests.

Late/Incomplete work Policy

Incomplete work and late assignments may be deducted in marks, as per McCreary School's late policy, developed in accordance with the Provincial Assessment Policy.

The guidelines for late assignments are as follows:

1. Teachers will set and communicate reasonable timelines for assignments
2. Teachers will share timelines and reminders with students through various formats (ex. course outline, email, post in classroom, etc.)

3. Teachers will assist students to meet timelines – monitor progress, check-ins
4. Students who struggle will require additional support from the teacher
5. Extensions will be granted at the teacher’s discretion, for valid and legitimate reasons only (ex. Illness)
6. Teachers will communicate with parents or set up parent/teacher/student conferences to discuss late / incomplete assignments
7. Teachers will make an arrangement with student to complete the work
8. Teachers will create alternative assignments for diverse learning needs

Where the above guidelines have been followed and assignments are not fully completed or handed in by the given due date, a deduction in marks will apply. **Upon teacher discretion a maximum of 5% may be deducted for every day the assignment is not turned in. If the assignment is not turned in after two weeks or at the start of a new unit, the assignment will receive a mark of zero.**
